Reviews

An extremely wonderful pdf with perfect and lucid information. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.

(Elenor Koch PhD)

JONY IVE

Book Condition: New. Publisher/Verlag: Penguin US | The Genius Behind Apple's Greatest Products | In 1997, Steve Jobs discovered a scruffy British designer toiling away at Apple's headquarters, surrounded by hundreds of sketches and prototypes. Jony Ive's collaboration with Jobs would produce some of the world's most iconic technology products, including the iMac, iPod, iPad, and iPhone. Ive's work helped reverse Apple's long decline, overturned entire industries, and created a huge global fan base. Yet little is known about the shy, soft-spoken whiz whom Jobs referred to as his "spiritual partner." Leander Kahney offers a detailed portrait of the English art school student with dyslexia who became the most acclaimed tech designer of his generation. Drawing on interviews with Ive's former colleagues and Apple insiders, Kahney "takes us inside the creation of these memorable objects." (The Wall Street Journal) | Format: Paperback | Language/Sprache: english | 305 gr | 215x138x19 mm | 320 pp.
