

Poor Students: Market-Oriented Education Reforms

By K. Ravi Kumar

2014. Hardcover. Book Condition: New. 327 Inequality in India's educational attainment, is increasing at a faster rate since, independence. Poor household, weaker, sections, tribal societies and backward, regions are left-out in this educational, development. However, rich and elite, students are getting high quality education in, private sectors educational institutions or in, foreign universities abroad., Quality and cost of education services are, influenced by many factors which are beyond, the boundaries of educational institutions., India's inequality in educational, development has been fueled by colonial, administrative error and this led to education, market failures, especially in educationally, deprived regions., Erstwhile Zamindari areas and scheduled, districts are still educationally deprived., Socialist model of economic development, ruined the economy, since 1991, India's, economy adopted market driven economy, but marketisation has not happened in, education sector. RTE 2009, well intended, legislation, is spoiling India's school, education system, especially public, education service due to faulty design and, lack of marketisation of education sector in, the today's market driven economy., This interdisciplinary book analyses the, reasons for this inequality in equity,...
