Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This Advanced Course from the 28 SAT Math Lessons series, for the revised SAT beginning March 2016, gives you all of Dr. Steve Warner s unique tips, tricks and tactics that he has developed over the last 15+ years to get his strongest students from a 600 to an 800 in SAT math. Dr. Warner has used his Ph.D. in mathematics to create the ultimate system for generating huge score increases in SAT math with only 20 minutes of preparation each day. The material in this book consists of Dr. Warner s exclusive strategies that students usually pay \$500 per hour to access during private tutoring sessions. The unique techniques Dr. Warner teaches, now available in his Get 800 collection of books, are the most effective ever published and cannot be found in any other SAT prep book! Be careful! Some of Dr. Warner s students have shown such significant score increases that the College Board has accused them of cheating with no evidence besides their score increase from one SAT to the next. If you feel that this may happen to you after using one of Dr. Warner s books please contact him before taking your next SAT and he will tell you how to protect yourself. Beware of other books on the market that claim to be as good as Dr. Warner s. No book can be as effective as this one unless it targets students in a specific score range. Other tutors and authors, while very intelligent, often make a mistake by teaching every student how to solve problems in the same way. They do not understand the philosophy of the test...
