

## Two Treatises of Government

Filesize: 1.28 MB

### ***Reviews***

*A fresh e book with an all new viewpoint. It is really simplistic but unexpected situations in the 50 % from the book. Once you begin to read the book, it is extremely difficult to leave it before concluding.

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 216 pages. Dimensions: 9.0in. x 6.0in. x 0.5in. The Treatises of Government, particularly the Second Treatise, are cornerstone works in Western thought. The First Treatise is devoted primarily to demolishing the notion that monarchical rule is divinely sanctioned and is mainly of interest to scholars. The Second Treatise, however, is a fundamental work that can be read profitably by anyone with an interest in philosophy, ethics, and European history. Locke develops an optimistic social contract theory in which men band together to overcome some of the defects of the state of nature. This is the origin of government, which rests on the consent of the governed and is supposed to be in the service of the governed. Locke devotes a fair amount of the Second Treatise to outlining his conception of political power, in many respects a judicious one, and to a broad discussion of the structure of acceptable governments. While some important aspects of Locke's scheme, notably his affirmation of a social contract theory as the historical basis for government, are clearly wrong, many of his ideas became fundamental to our present ideas of a justified society. The notions of intrinsic human rights and government depending on consent are essential. The Second Treatise is a relatively short work and aspects of interpretation are ambiguous. A very good example is the emphasis on property. Locke is regarded commonly, especially by conservative intellectuals, as the defender of private property strictly construed. There is some justification for this interpretation. On the other hand, in the state of nature at any rate, Locke is quite clear that individuals should use only what they need for reasonable subsistence and he is opposed clearly to social dominance in any society. Lockes...
