Pub Date :2007-08 Publisher: China Light Industry Press content Introduction This book is for secondary school teachers training and written. The purpose of the training of primary and secondary school teachers in order to improve the professional level of teachers. Teacher training practice. we feel deeply. and continuously improve the professional level of teachers need to work on. In recent years. according to the domestic and international awareness of the structure of teachers' professional knowledge. from the three aspects of the body of knowledge. conditional knowledge and practical knowledge to improve the professional level of teachers. The ontological knowledge means that teachers teach discipline expertise and cultural knowledge. Conditional knowledge is scientific and theoretical knowledge of pedagogy. psychology and education. it is to promote the conditions of teachers ontological knowledge to the students. Practical knowledge is the knowledge of the teachers in the teaching practice. including personal theory of situational knowledge expressed by different researchers. learners. self-knowledge. case knowledge. Ontological knowledge to improve the majority of teachers in accordance with the requirements of the tasks and actual. constantly replenished through a variety of channels and expansion. Practical knowledge of the past. we paid insufficient attention to the last few years. through school-based training. especially through the narrative study of teachers. promoting teachers explore solutions to the real problems in the practice of education and promote the practice of teachers from their own experience in the mining valuable knowledge. The conditional knowledge concern in the new basic education curriculum reform process. a variety of educational theory into the field of view of the primary and secondary school teachers. The directory first chapter of Tao Xingzhi education thinking of the...
